<p style="text-align: center;">Request for Planning Board Interpretation of a Provision or Section of the Land Development Code (Revised 05/27/09)</p> <p>Per Article 2, Section 2.07.01 of the Land Development Code: The Planning Board, sitting as the local planning agency (LPA), shall review and interpret any provisions of this Code for the purposes of clarification or determination of meaning and intent if questions should arise regarding the meaning, intent or interpretation of any provision or section. Such interpretation request shall be presented at the next regular planning board meeting if the request is received by the department of growth management staff at least 20 calendar days in advance of said meeting. *</p> <p><i>*Note: Although the <u>request</u> is submitted at the next regular Planning Board meeting, the actual interpretation is subject to the Planning Board's direction and may not be available until the following meeting (depending on the nature of the request and the extent of staff research required).</i></p>

Prior to submitting a request for interpretation, it is important that you make an appointment to discuss the proposed request and any possible alternatives with the Planning Board Coordinator (Ph# 595-3475). This will prevent any unnecessary expenditures in the event that it is determined no interpretation is needed. An application is not considered complete until the following information is received along with the submittal fee of \$250.00. (Checks should be made payable to Escambia County)
